One of the best houses in El Palomar is for sale, a small town close to large cities such as Ontinyent and Gandía.

Located in the most significant square in the town, its large dimensions and its layout on two streets make it ideal to convert into the home of your dreams.

It is distributed on the ground floor where we find a reception area, a living room with views of the square, a large bedroom, dining room with fireplace, kitchen, bathroom and access door to a large garage that has a patio.

On the first floor, three bedrooms, one of them with a balcony, another room used as a living room, also with a large balcony and an open area for various uses. On the upper floor, a large attic, in need of improvements and reform, with windows facing the main street and the square.
